Truffle Talent Ltd – Who, What, When, Where and Why...

Truffle was founded in January 2013 by Emma and Mishel. Following the global closure of the corporate firm they worked for, they decided it was time to go it alone and give the industry what it needs – a flexible, honest, reliable, cost effective, 'human' recruitment agency. Having seen the good, the bad and the ugly of this sector Emma and Mishel put their heads together and created Truffle Talent.

Truffle exists to search out the hidden gems in the industry and find you the right people for your business.

Truffle is a boutique agency specialising in marketing, creative and digital. We operate from our London HQ servicing UK based and global clients. We provide bespoke recruitment solutions on a permanent, contract, freelance and temp-to-perm basis.

We have over 15 years creative, marketing and digital recruitment experience gained from leading London agencies. We are experienced in working with an assortment of firms and environments from FTSE 100 to start-up agencies and have a vast contact list gained primarily through recommendation.

Truffle works within many industry sectors (e.g. retail, ecommerce, travel, entertainment, professional services, finance, etc.) In this digital age there is a vast amount of cross over between industries in terms of skill sets and innovation, we believe this can be harnessed by 'cross pollinating' across sectors. Truffle can offer you this choice with our wide range of candidates from different industries.

We have very strong values and ethics at Truffle which we all live and breathe; they encourage all of our employees to go above and beyond in what they do and to seek continuous improvement. This helps to drive the Company towards sustainable, long-term success (and gives us good karma).

Our core values:
